Dear Dr. Jesse M. Medina,

We are very impressed with the quality of the practice that you and your team have built.

We are in the business of helping firms such as yours navigate challenges including operations, environmental regulatory constraints, policy and procedure optimization, unforeseen market shifts while maintaining and expanding customer relationships.

We can create several different opportunities for you, so whether you plan to work for over five years or prepare for an exit within 3-5 years, we can/will create much value for you.

We are in the market to acquire established dental practices like yours in a unique way.

We are an experienced governance team of 6 with big corporation and small business exposure in the Dental Industry. We specialize in adding value, with a strong board of Non-Executive and Executive Directors across Finance, Banking, Accounting and dental industry across the nation. You can find more information on this link:

[About Us](#)

We have all the skills necessary to take your business to the next level and we are not business brokers nor acting on behalf of investors.

If you are still reading this and any of the above is relevant, I would be happy to schedule a discussion to further explain who we are and our operating principles so we both may ascertain if this is a right fit.

There is no risk on your end by getting in touch to satisfy your curiosity and letting the two of us know if this is worth pursuing further. All discussions will be held in strict confidence.

I'd love to discuss your business over a phone call. [\(714\) 606-7884](tel:7146067884).

Thank you for taking the time to read my message.

Best regards,
Jay Parteek
Principal
